

PLASTICS

Is this recyclable?

YES! Please recycle these items here:

Bottles, jars, jugs, and tubs. Please empty liquids, scrape food residue. Remove caps.

NO! These items are **not recyclable** here:

**5-gallon pails,
toys, flower pots,
plastic bags, plastic
wrap, Styrofoam,
Tupperware, plastic
cups, plates, and
utensils.**

WHY can't I recycle these here?

The number or "chasing arrows" on plastics is commonly mistaken as an indicator of a product's ability to be recycled. In actuality, this is a manufacturer's symbol of plastic type. Not all types of plastics can be recycled. To be a part of the solution to the plastics problem, refuse and reduce your consumption of plastics in your everyday life.
